# Everything Forbidden (Albright Sisters Book 1)

## Synopsis

For summers Miranda Albright has watchedâ "aghast, yet shamefully titillatedâ "as her wicked neighbor Ethan Hamon, the notorious Earl of Rothschild, "entertained" a succession of lovers on the grounds of his estate. Now that her father has passed on, leaving behind a mountain of debt, Miranda must do the unthinkable. For Ethan has promised to sponsor her younger sisters, financially and socially, at a scandalously dear price: Miranda must offer herself to him completely for three full months, with no remorse and no restraints. Ninety days and nights of unbridled sensuality await her in the arms of a rogue who views her submission as no more than a grand erotic game. But neither Miranda nor Ethan realize that fire blazes behind her innocent blush. And once her passion is unleashed by his lips and his touch, it is the student who will school the teacher in the ways of forbidden pleasure . . . and love.

## Customer Reviews

**\*\*This was my Recommended Read for October 2007!\*\*** Miranda Albright has a secret. Actually, more than one secret - but it all started when she first spied her decadent neighbor making love to a woman on the grounds of his estate. Although innocent, the young Miranda was captivated by the

sight, and found herself drawn irresistibly back to the spot summer after summer when the handsome Earl was in residence at his country estate to spy on him and his various lovers. Now Miranda's family is in dire straits financially and the only way she can save them is to offer her innocence to the Earl himself, Ethan Hamon. But Ethan wants more than her innocence. He wants her available to him for his debauchery for three entire months, to play with at his sensual whim. Little does he realize that before it is over, the sweet Miranda will have snared his heart and soul. Sometimes a book resonates with you so strongly, but you cannot quite place your finger on what exactly about the story struck you so. For me, Jess Michaels' new book *Everything Forbidden* is just such a novel. Yes, the characters are compelling, the romantic dynamic is absolutely heart-wrenching at times, and the plot is entertaining. But there is more to this story than just those elements. The way Michaels puts it all together makes you feel every moment as if you are in the book yourself. She builds empathy for all of her characters with seeming ease, and the book becomes more than just a story, at least while you are reading it. It might be said that there are only so many tales to be told in the world, and while this may be true, the difference in a good story and a great story is the author's ability to make me forget I have ever before seen a similar plot.

Miranda Albright is unable to forget the day she caught her family's neighbor, Ethan Hamon, the Earl of Rothschild, seducing his current lover. That image has stayed with her for three years providing Miranda with the courage to deliberately seek out the earl just to spy on him with his lovers. Miranda's idyllic spying must come to an end however, when her family falls on hard times with the death of her father. Not only are they penniless, but Miranda has younger sisters that need a Season in order to find a husband. Unable to finance their seasons, Miranda has no choice but to make a decision that changes her life. She goes to her virile next door neighbor and offers the only thing of value she has in return for helping her sisters--her virginity and three months of any sexual pleasure of his choice. Vowing not to let her heart get involved, Miranda enters into the relationship with Ethan having no concept of the sinful and sensuous times ahead. Slowly falling under his spell, Miranda knows that her time with Ethan is limited. When he asks the one thing of her she can't give, her sorrow knows no bounds. Denying herself the only man she will ever love, Miranda vows to continue on--if only she can convince her heart. I can not stop thinking about EVERYTHING FORBIDDEN and the way the characters related to each other. I have always been intrigued by the English societal hierarchy and the laws relating to females. Women such as Miranda actually didn't have a choice, heaven forbid, after their fathers and husbands were no longer around to provide for them. While some might fault Miranda for her proposition to Ethan, I found her choice to be a

no-brainer. She had watched this man make love and seduce women for years so she knew he would agree.
