Master: A Gothic Yaoi Mystery

Synopsis

They said the old Bellarose mansion was haunted, by all those who died in the fire. They said that sometimes, late at night, you could see the ghost of the little boy in the window of the East wing, looking out at the people passing by. Once upon a time, when Edmund Moreau was a young man, he had been that little boy's personal attendant. Now a wealthy businessman, he is obsessed with restoring the Bellarose mansion to its former glory. He wants it just exactly as it had been before the fire, and that includes finding a boy to play the part of his beloved little Master. Edmund takes one look at Astor Mercier and decides that he is perfect for the part. For the beautiful young orphan with the forgotten past, the offer is a dream come true. But is it really a part Astor is playing or does Edmund know something that Astor doesn't? What will he do when the part he plays becomes his entire reality? Will Astor be able to keep himself intact, or will he disappear entirely into the role Edmund has created for him? And though young Astor falls hopelessly in love with Edmund, will Edmund ever see Astor for himself, or will the older man's heart only ever be devoted to his beloved little Master? This is a haunting and thrilling tale of an unsolved mystery and a timeless, enduring love. The only thing that is certain is that some things are simply meant to be.~28,000 words

Customer Reviews

Sweet and spooky. Lots of sympathy for the two heroes. Love the ending..big smiles. Character development was superb and the background provided gave great insight into their present situation. I loved watching the relationship develop along with the slow build. Another great piece from Amelita.

Weird, intriguing, romantic. I found the characters very realatable, which is weird because I don't share anything in common with them, but I could easily empathize with the characters. I enjoyed the suspense and portrayal of the characters actions.

As always with an Amelita ficâ " You will not be disappointed. The way she paints out the scenery makes it all completely come to life in your head and you feel EVERY emotion that Astor goes through as well as Edmund. It is wonderfully written and enjoyable from start to finish. Would highly reccomend to anyone who enjoys Yaoi romance.

I read the other version on AO3 and when I went to read it again, it said that it was moving. I was sad. But now I found it. Like always, your writing is great and your stories are always interesting.Master is actually one of my favorites because I felt every emotion and just loved the characters. It was great!! Can't wait for more of your stories!!

I loved this! I Loved the conflict of the main character, for a relatively short piece, it came across really well. I also loved the way they were depicted, the little hints and suggestions and their charming innocence. Overall a charming story!

Is like watching a movie in colors. The details and the way this author express the characters feelings is like you are there with them and feeling every emotions. Beautiful and captivating book from the beginning to end. I highly recommended.

This story was incredibly sweet and a good read! One of my favorite things about it is the ending and how cute the master and servant dynamics in this one was. Amelita never fails to impress with her stunning prose.

I can't really describe in word just how much i love this author as a friend and as an reader to me

she is just the best, and this book was just too good, of course one wants always more but i can't wait to read more, and more!
