## Customer Reviews

Some of the stories were pretty good, others not so much. Some focused on a story liberally and well with seasoned sex; others focused on sex with a little bit of story in a pretense of something other than porn. Different authors show varying editorial competence, although having a good editor go through the entire anthology wouldn't hurt. All in all, I won't complain.

Great set of stories! I love shifters, the more ALPHA the better, and it was nice to find something like

this that cuts straight to the good bits. I like more romance-oriented stories as well, but if you're in the mood for some hot and heavy stuff, you can't go past this one.

Don't fight fate... or do, and then the fun is all the more rough and passionate! Great collection of short stories (except for Werewolf Pirates, which was comparatively EPIC in scale) from some great authors. I really enjoyed this!

If you want a book packed with hot alphas look no further....This hot bundle is full of some awesome writers and even better stories. If you love sexy alpha shifters, and sassy smart heroines, then this bundle is sure to leave your panties wet, and your mouth dry.

This was a brilliant pack of alphas doing what they do best, would recommend to a friend that enjoys reading shifter erotica.

I loved most of these stories, just can't get enough of powerful shifters. It's especially hot when your fate is to have tons of athletic and explicit... uh... adult fun.

Ok little beasties stories. Strange and different from my regular reads. All the stories have great potential. Why do I require me to write more?

This is an amazingly hot set of Alpha reads. You are going to love each of them. Just remember that they are short stories.
