ISBN-13: 978-0899225609

Product Dimensions: 8.7 x 7.4 x 1.4 inches

Shipping Weight: 2.4 pounds

Average Customer Review: 4.1 out of 5 starsÂ  See all reviewsÂ  (13 customer reviews)

Best Sellers Rank: #942,777 in Books (See Top 100 in Books) #720 in Books > Libros en espaÃ±ol > ReligiÃ³n y espiritualidad > Cristianismo > Biblicas #5602 in Books > Christian Books & Bibles > Bibles #7627 in Books > Libros en espaÃ±ol > No-FicciÃ³n

## **Customer Reviews**

So far I've read 50 of the books; 27 OT books; 1 Chronicles to Malachi and 23 NT books John to Jude, which although is not yet the whole Bible enough for me to advise anyone thinking of buying it to be wary. (I will update this review when I have completed the Bible - I've set myself the challenge of reading this Bible in a set time so I HAVE to finish! God willing.) As much as it pains me to say this, I would NOT recommend this edition of the Bible to anyone, and the reason I say this is the countless numbers of errors that are riddled throughout its pages (I'm referring to the English text). The idea of this Bible is good - paralleling what some claim is the best Spanish translation (Reina Valera 1960), with a trusted, English translation (NKJV). Unfortunately, it not only fails to deliver the expected promise, it falls short of this goal by a very large margin. As bi-language parallel Bibles go this one takes the usual format, each page is split vertically in two. The Spanish is on the left and English on the right. Also, the words of Christ are in red in both languages. There are also 20 pages of tables; 10 pages per language, covering chronological and thematic listings during OT and NT times and these can be useful as they help place a perspective on which main prophet was serving the Lord during the time of which king, etc. That was the good, now for the 'areas for improvement': 1st problem: the binding is not very strong, 2 out of the 5 copies I've looked at already

have pages falling out and they're less than 6 months old! Perhaps we were just unlucky to get a bad batch, but the rest of the problems cannot be described in this way.
