Customer Reviews

I will admit I only read the first 3 stories, but it was more than enough to find out this thing stinks big time. The writing was so poor it was distracting. Fortunately, there was no bothersome plot to be distracted from, since this is the same story being repeated multiple times with the names changed. Although there was a story when the author changed the race of a character, not to improve the writing, but to make it insulting to black people and not just people who know how to write.

Disappointed
