## Synopsis

Treasure Harbor: Seven novellas centered around a quest to find treasure hidden by a notorious pirate, Drake Burton, in the 1700s. When Norâ™easter Igor unearths gold coins on Bounty Beach in the Outer Banks seaside town of Treasure Harbor, North Carolina, treasure seekers from near and far converge on the town in hopes of finding riches and the secret of a lifetime. This series from some of inspirational romanceâ™s favorite authors features heroes and heroines who are dealing with the fact that their beloved town has gone treasure crazy. WHAT YOU SEEK MAY NOT ALWAYS BE WHAT YOU FINDâ |Dr. Bree Burton has returned to Treasure Harbor, North Carolina, to find a way to set the record straightâ ”even if the record goes back three centuries. As a Burton in a town founded by the Callahans, the bookish history professor has always felt like the black sheep of history in her hometown. By returning to teach at her alma mater, Carolina Harbor College, she hopes sheâ™ll be able to find a way to clear the name of legendary pirate Drake Burton and restore her familyâ™s reputation in the process. But while the whole townâ™s gone treasure crazy after the Norâ™easter Igor unearthed gold bars on Bounty Beach thought to be part of the legendary Burton/Callahan treasure, Bree is determined to remain scholarly and logicalâ ”and not get caught up in the craziness. National Weather Newsâ™ anchor Reid Knight accepted the fact that heâ™d been dispatched to Treasure Harbor to put together a pilot for a reality series which would uncover the truth behind the secret treasure that had gripped the townâ ”as long as he was able to keep a secret of his own. Heâ™d spent some time in Treasure Harbor covering the large weather event of Igor last year, and had some theories about Drake Burton, his star-crossed love with Camilla Callahan, and the treasure that had been part of the townâ™s history for hundreds of years. But in order to connect all the dots, he needs help from the one person in town who can make his show a success. Bree realizes that the access Reid has can help clear her familyâ™s name once and for all. Along the way, though, both Reid and Bree come to find out that thereâ™s truth and lies in all legendsâ ”and the same is true in their own lives. When they finally realize things arenâ™t what they seem, will they risk it all to clear the Burton name and make the mark on their own respective futures, or will unearthing the secrets theyâ™ve found threaten their families and their chance at the most timeless treasureâ ”true love?

## Customer Reviews

This is my first in the Treasure Harbor Book Series and if the others are as strong as this one, I am interested in reading them. Once again Kristen writes about characters that I care about, one of the most important aspects of books I read. The plot intrigues as one can identify with things of the past that are unknown. Surely all of us have something in the past that we would like to know about in greater detail and this example is no exception. Coupled with characters and an intriguing plot is a location high on the list of desirable places to visit or live. I challenge you to try and put this one down once you pick it up!

Another exciting book in the Treasure Harbor series! The 2 main characters Bree Burton & Reid Knight have "both gotten good at keeping secrets." It's a fun fantasy to search for hidden or lost treasure, and end up finding the real treasure in the people around you. Kristen Ethridge quotes a favorite verse: "Store your treasures in Heaven, where moths & rust cannot destroy, & thieves cannot break in & steal." Such a fun & captivating book that is well-written with well-developed characters, and a must read for anyone!

REID Knight is a TV Meteorologist and comes to Treasure Harbor to meet a Dr. Bree Burton a Dr. Archaeologists to see if he can find out what she can tell him about her ancestors Drake Burton's

hidden gold and jewels from his wife Camilla Callahan Burton. They meet Miles Wharton who lived on Lookout Point and was a relative of Jenny Wharton who has a son Drake Wharton Burton. You need to read this book and find out what Miles has in his possession and who Jenny Wharton Burton was. This is a very good read you will want to read without putting it down before you finish reading it.

When Reid comes to see Bree she never expected to get interested in him. Watching these two work together is amazing. Miles is truly a remarkable person. What he does for Reid is incredible. Reid's loyalty to Mandy is beautiful. You can feel God working throughout this whole book. This book deserves a higher rating than a five star review.

Dr Bree Burton, is an archeologist and college professor that has returned to Treasure Harbor and she meets Reid Knight ,meteorologist and journalist. He is cute but he is looking for the treasure.Against her better judgement ,she agrees to help him.This was a great read,I loved the characters and the setting.
