# Microbiology: An Introduction Plus MasteringMicrobiology With EText -- Access Card Package (12th Edition)

## Synopsis

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. Master

Microbiology where it matters.® Everywhere. This package includes MasteringMicrobiology®.®

Â An engaging and clear approach to learning complex microbiology topics and theory Praised for its exceptionally clear presentation of complex topics, this #1-selling text for microbiology non-majors provides a careful balance of concepts and applications, proven art that teaches and the most robust, dynamic media in MasteringMicrobiology. The Twelfth Edition ofTortora, Funke, and Caseâ™s Microbiology: An Introduction focuses on big picture concepts and themes in microbiology, encouraging students to visualize and synthesize tough topics such as microbial metabolism, immunology, and microbial genetics.Â The text and accompanying resources also help students make connections between microbiology theory and disease diagnosis, treatment, and prevention.

## **Customer Reviews**

The book is good but the listing is wrong. The listing state that the book come with etext and access code but it doesn't. It is a used book. If you need the etext and access code try different seller.

Microbiology: An Introduction Plus MasteringMicrobiology with eText -- Access Card Package (12th Edition) was what was required for my online class of microbiology What can I say about it? This is not my favorite class but it is a decent book. It comes with an access code. I also had to get a lab kit to go with it. This was something from the school though. The book is not cheap but none of my college classbooks have been. This one is not out of line but about the same.

Product doesn't come with access code, complete waste without it!!! Very unhappy and waste of time.

Product didn't come with e-text access code. whole reason I rent this book. very disappointed

Not happy at all. I wasted money with this book thinking that i would have a brand new access code, come to find out it had already been used. Very disappointed right now.

Stated that it would come with eText -- Access Card Package (12th Edition) 12th Edition --it DID NOT.

This book does NOT come with the access card! Which is the main reason why i bought it!

Rented is book with the access card and it was brand new in the wrapper!
