Asterix En Hispania (Spanish Edition)

Synopsis

Estamos en el año 50 antes de Jesucristo. Toda la Galia se halla ocupada por los romanos... Toda? No! una aldea poblada por irreductibles galos resiste todavía y siempre al invasor. Y la vida no resulta fácil para las guarniciones de legionarios de los campamentos fortificados de Babaorum, Acuarium, Laudanum y Petibonum...(*CR*)En el presente título, nuestro genial héroe viaja a Hispania.

Customer Reviews

Asterix is a fun way to supplement learning a foreign language once you have the basics. I also really like the humorous comments/observations regarding the national culture of the particular language.

I ordered the book in Spanish, so I could practice my Spanish. Asterix did go to Spain, but they were all speaking french. ^ The book was incorrectly labeled. Unfortunately I don't speak french.

I have a sizable collection of Asterix books, all in languages other than English, because they can serve as an entertaining way to review and/or learn a foreign language. The cartoons help with context in a major way, and the cartoons and story line are highly amusing, helping ease the pain of needing to constantly look up translations. I am not a fan of cartoons in general, but Asterix is an

exception. A caveat is that the text is not dumbed-down in any way, and contains sophisticated language constructs. This will be tough going for a beginner, but if you have intermediate language skills, you might find these entertaining and useful in maintaining or advancing them.
