The Comedy Of Errors (Dover Thrift Editions)

Synopsis

Two sets of twins are separated at birth by a storm at sea: a pair of masters (both named Antipholus) and a pair of servants (both named Dromio). Years later, the Antipholus-and- Dromio pair raised in Syracuse happen to visit Ephesus, where the respective twins reside — providing the basis for ongoing incidents of mistaken identity, within a lively plot of quarrels, arrests, and a grand courtroom denouement. Based on a pair of comic dramas from ancient Rome, *The Comedy of Errors* presents a spectacle of pure farce in the spirit of utmost fun and — as the title suggests — hilarious confusion. One of Shakespeare's earliest dramatic efforts, the play abounds in his trademark conceits, puns, and other forms of fanciful wordplay. It also foreshadows his later and greatest comedies, offering students and scholars a valuable key to the playwright's development.

Identical twins have only one purpose in movies and plays: to cause mass confusion when people mix them up. So the mayhem is doubled in "The Comedy of Errors," which has not one but TWO sets of identical twins who are totally unaware of each other's existence. Shakespeare's adaptation of a Plautus play is basically non-stop wackiness and slapstick, without much plot besides the two Antipholuses and the two Dromios constantly being mistaken (and sometimes mistaking each other) for their twin brothers. The Syracusan merchant Egeon is condemned to death in Ephesus for entering the city, for... some reason that's never very well explained. He can only be saved if he pays one thousand marks within one day. So he tells the Ephesian Duke his tale of woe -- his wide

Aemilia gave birth to identical twin boys, on the same day a poor woman also produced identical twin boys to be their slaves. But then his wife, one baby and one slave baby were lost in a shipwreck, leaving Egeon with the other twins. Now Antipholus has gone out in search of his lost twin, accompanied by his slave Dromio. Got that? It's pretty much the setup for the whole plot. Here's the problem: the missing twins are actually in Ephesus, and are also named Antipholus and Dromio. Even better, neither of them has any weight, scars, haircuts or fashion eccentricities that keep them from being mistaken for each other. What wackiness! So when Dromio (Ephesus) mistakes Antipholus (Syracuse) for his master, he ends up getting his butt kicked -- and even worse, Antipholus' (Ephesus) wife Adriana mistakes Antipholus (Syracuse) for her husband and thinks he's cheating on her. But her unknown brother-in-law-mistaken-for-her-husband instead falls in love with her sister.
