# Nueva Gramática Básica De La Lengua Española (Spanish Edition)

## Synopsis

Nacida con vocación popular y afán divulgativo, esta obra es una versión resumida, simplificada y muy didáctica de la gran obra académica. Presenta una descripción general del idioma accesible a todos los hablantes que no poseen especial formación gramatical, centrándose en los aspectos normativos de la lengua. Es una obra de consulta básica que no debe faltar en ningún hogar, centro educativo o de trabajo.

Product Dimensions: 5.1 x 0.6 x 7.6 inches

Shipping Weight: 9.1 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (15 customer reviews)

Best Sellers Rank: #373,966 in Books (See Top 100 in Books) #184 in [Books > Libros en español > No-Ficción > Educación > Referencia](#) #278 in [Books > Libros en español > Referencia](#) #801 in [Books > Reference > Words, Language & Grammar > Grammar](#)

## Customer Reviews

The book itself is awesome, but it's printed on really, really bad paper. The problem is that text on the other side of the page - and even on the next page - is comes through and makes it hard to read. Never had this problem with a book before, but it's pretty annoying. El libro en sí es muy bueno, pero está impreso en papel de muy, muy baja calidad. El problema es que el texto del otro lado de la hoja - e incluso de la siguiente página - es visible y esto hace que el libro sea difícil para leer. Nunca había encontrado este problema, pero resulta bien enfadoso.

Contiene las reglas esenciales que todo hispanohablante debe conocer. Un gran arma para todo el que necesite afinar sus destrezas en la redacción o en cualquier área mediante el conocimiento de la lengua española.

If you have an advanced knowledge to be able to read completely in Spanish, do not doubt to buy this book to learn to speak and write proper Spanish. The new version of the Spanish Grammar published by the Royal Spanish Academy is a brief version of the more extended MANUAL. For those of you who do not know it, the RAE - as it is commonly known in Spain and the Spanish American countries - is the institution founded in 1713 on the initiative of Juan Manuel Fernández Pacheco, Marquis of Villena, and its main mission is to ensure that the changes the Spanish language experience in its constant adaptation to the needs of its speakers, do not break the essential unity that keeps all the Hispanic world. The institution is regarded as the ultimate authority in establishing the rules that regulate the orthography and grammar of the Spanish language from the point of view of an educated speaker. If you have a good knowledge of Spanish, do not buy a bilingual grammar, buy this one. If you think you need a bilingual book, my advice is A Reference New Grammar of Modern Spanish by John Butt and Carmen Benjamin. They follow the RAE rules and recommendations in their book.

This is the summarized version of the Gramática by the Academia de la Lengua Española, the ultimate authority in grammar and usage in Spanish. This book is, of course, written in Spanish and I use it as a reference all the time. Excellent book.

Being a native Spanish speaker and a teacher of the language I pride myself in speaking the language correctly. This grammar book is excellent and will be a good reference aid for advanced and beginners alike.

This appears to be an excellent little technical grammar book. For me, it lost two stars for personal reasons. First, the text is tiny and hard to read. I had to go to my local drugstore to buy reading glasses for the first time in my life. Second, the experience of buying my first pair of reading glasses made me feel old and, absent a young lady to blame, this book bears the brunt. ;-) Seriously, though, the print is very small, the paper is too thin to hide the text on the reverse, and you need a bright light to read this book. Other than that, it looks like a good book. If you already know some Spanish, you might want to go with the larger Manual, about which I have not seen these kinds of criticisms. The Manual is geared more for college students; this Basica, for the common man with prior Spanish education. Too bad someone thought the common man should have a tiny, hard-to-read edition.

I needed a good refresher for Spanish language since it has been quite a long time since I spent any quality time studying. This book is exactly what I needed. It is true as stated by another reviewer that the pages are quite thin and therefore the print from the obverse pages are seen somewhat, however it is still readable and usable. The entire book is in Spanish. It is not for the non Spanish speaker. It is for the Spanish speaker that needs a reminder and/or refresher. Highly recommended.

Este librito es perfecto para tener a la mano todas las reglas del español. Desde ortografía básica hasta la más compleja, conjunciones verbales y tipos de oraciones. Lo recomiendo para estudiantes, maestros y profesores.
