A Matter Of Trust (A Mia Quinn Mystery Book 1)

Synopsis

When life is murder, who can you trust? One minute Mia Quinn is in her basement, chatting on the phone with a colleague at the prosecutor's office. The next minute she hears a gunshot over the line, and Mia listens in horror as her colleague and friend Colleen bleeds to death. Mia is a natural for heading up the murder investigation, but these days it's all she can do to hold her life together. As a new widow with a pile of debts, a troubled teenaged son, and a four-year-old who wakes up screaming at night, she needs more time with her family, not less—and working Colleen's case will be especially demanding. But Colleen was her friend, and she needs to keep her job. So Mia reluctantly teams up with detective Charlie Carlson to investigate. But the deeper they dig, the more complications unfold—even the unsettling possibility that someone may be coming after her. Lis Wiehl's signature plot twists and relatable characters shine in this absorbing series debut . . . with an intriguing cameo from her best-selling Triple Threat series. A stunning crime series debut . . . Smart, suspenseful, and full of twists that only an insider like Wiehl could pull off.

Customer Reviews

Author Lis Wiehl is a prominent trial lawyer who regularly appears on Fox News Channel as a legal analyst and reporter. She is also a bestselling author of five books. Her Triple Threat Club series has received high praise, warranting comparisons to James Patterson. Now Wiehl introduces us to a brand-new series, written with contributor April Henry. *A MATTER OF TRUST* is the first book in the Mia Quinn Mystery series. A couple of months ago, Mia Quinn lost her husband in a car accident, forcing her to return to work full-time as a county prosecutor. This is quite an adjustment, not only for her but also her two children. Gabe is 14, just entering high school, and wants to fit in with his peers. Brooke is four, and has recently started waking up with night terrors. Mia is struggling to be everything she needs to be for her kids, and also maintain her reputation as an excellent prosecutor. To add to her stress, she has discovered a few secrets her husband had been keeping before he died, including a mound of debt that is now hers to dig out from under. Mia is chatting on the phone with her fellow colleague and friend, Colleen, when suddenly there's a loud bang and the sound of her friend hitting the floor. Horrified, Mia listens to Colleen's final breaths. She is offered the chance to head up the investigation into Colleen's death. Mia balks, not sure if she can afford to spend more time away from home. Then she thinks of the bills piling up, and how she wants to do whatever she can to solve her friend's murder, so she accepts the job. She starts working with Detective Charlie Colson to uncover the clues into Colleen's slaying. And there are plenty of suspects to keep them busy.
